Professional Experience

DevOps Engineer @ Sky Deutschland GmbH (<https://www.sky.de/>) (2021 — Present)

- Managed GCP Cloud Infrastructure such as GKE clusters, VMs, Managed Instance Groups, Load Balancers using Terraform and Ansible for seamless operations.
- Automated CI/CD processes with Jenkins and GitHub actions to enhance efficiency.
- Integrated Infrastructure with HashiCorp Vault for enhanced security measures.
- Automated TLS certificate renewal for apps running on GKE clusters using Cert Manager Helm Chart.
- Hands-on experience on GCP Logging, Monitoring and building of Grafana dashboards.
- Knowledge on Scrum and Scaled Agile Framework (SAFe).

Education

Self-Hosted Monitoring Stack

Personal Repo

Designed a fully automated Prometheus/Grafana stack using Ansible for local home-lab observability.
